

# Leading Wind Insurance

## Industry Leadership

GCube was established over two decades ago to answer the specific insurance needs of the first wind farms in North America. Today, we are the leading insurance provider to the wind energy industry around the globe. Our WindPro® policy is the gold standard in comprehensive coverage with 30,000+ MW insured.

## Unsurpassed Performance to the Wind Energy Industry

Each WindPro policy is built upon our proven and industry leading underwriting, technical knowledge and field expertise offering up to \$680 million in capacity per project. GCube's security is A+ rated by the major rating agencies, meaning you have the financial backing and proven expertise for the best insurance solution.

## Leading Solutions

Our extensive claims payment experience provides us a unique insight and perspective for loss control and risk mitigation. Our Technical Services program delivers innovative solutions and partnerships to restore your operational capacity, reduce overall repair costs and protect your return on investment.
